

## Remotely accessing the library online

Our entire library catalogue can be accessed online from home by clicking on the below link

At the moment you can check and search the library by author, title, subject etc without having to log in. So if you or your child wish to check to see if we stock a particular book this is an excellent place to start.

An example is shown below of a search for books by Micheal Morpurgo.

As the library progresses and the children become more familiar with the layout and stock we will start to allow a reservations service for the older children....
